

DESIGN, PERFORMANCE AND VALUE
BEYOND YOUR DREAMS...

TrawlerCat 36

...is the Endeavour TrawlerCat 36. Our years of commitment to excellence and innovation have come to fruition in this performance cruiser - it is a grand and exciting introduction to the next generation of trawlers. "Going Beyond" was our motto throughout the design and manufacturing process leading to ingenious engineering, dozens of innovative features, the clever use of space, and a keen sense of luxury. Welcome aboard the Endeavour TrawlerCat...and hang on, we're going far beyond your dreams.

A Statement of Excellence

DESIGN & INNOVATION

First we attacked the basics. That uncomfortable slow rocking motion that has kept many cruisers away from traditional trawlers, disappears with our exclusive catamaran hull configuration. Next, we have gained several notable benefits: a lower center of gravity for even greater stability, a full 360° view from anywhere in the cockpit and all without sacrificing an inch of interior head room. In fact, you can still stand taller in an Endeavour than on any other vessel of equal length. Smart design sometimes looks a lot like magic.

We've Got Two Great Seats for the Greatest Show on Earth. We've added an optional second, equally comfortable, helm seat on the other side of the companionway. When that sun starts to set or those dolphins begin to dance the first mate will enjoy a comfortable and completely unobstructed view. An adjacent chart table makes that a perfect navigation station.

mind. The hull and deck are fastened both chemically and mechanically, increasing strength and security throughout your travels. A 34" draft invites shoreline excursions and gunk-holing treks. To make it safe to venture into shallow water, the TrawlerCat comes equipped with prop protectors.

EASE & COMFORT

Then we went on to making this model tidy and more efficient. Our raised helm station eliminates the need for those inconvenient and dangerous fly bridge steps and ladders. Moving about the vessel is safe and comfortable and there is vast amount of space for dining, fishing, diving, sunning or just plain lounging.

Using Your Head... Opposite the entrance, past the vanity with oval sink, mirror and medicine cabinet there's a full size shower. On the other side of the shower stall is a door leading to the generator and storage room complete with porthole - some of our clever owners have turned this into an on-board office.

PERFORMANCE & SAFETY

With a 15' beam, she maintains a sleek hull which fits into those monohull slips with room to spare. Twin turbo diesels and the double underbody configuration, out-perform traditional trawlers every time. Our fine entry bows cut through the water with reduced resistance and extend the waterline to its full length. This provides a cruising speed of 12-15 knots as well as greater fuel efficiency. The Nida Core™ polypropylene honeycomb core is both lightweight for performance and adds hull strength for riding out heavy weather with greater peace of

BAM! You've got plenty of floor. The galley is full to whip up

This catamaran has an aft deck for easy boarding, sunbathing and is perfect for your fishing battles. The helm is easy to handle, complete with hydraulic steering and adjustable helm seat. Other features standard on the Endeavour TrawlerCat include self-draining foredeck storage lockers; cockpit lazarette storage; molded, non-skid deck surfaces; double lifelines; molded PVC Rubrail; acrylic companionway door; stainless steel anchor roller, cleats and stanchions; custom windshield

with a molded fiberglass hardtop; 4" binnacle compass and 12 volt control panel. But then, we've always had higher standards. Many options are also available to suit your cruising preferences and destinations. Finally, because you love to sail, not to clean, the TrawlerCat is all fiberglass, what could be easier to care for?

SPACE, MORE SPACE & LUXURY

Stepping down below, you enter an interior layout designed with the most efficient use of space on the market - easily 30% more

living space and 35% more storage than any other vessel of equal length. And with an interior height that never goes below 6 feet, we stand head and shoulders above our competitors. The placement and angles of hatches and fixed windows gives the salon near 360° visibility with loads of natural light. And with no hatches facing directly up, the interior stays cooler, cools down quickly and requires only one air-conditioning unit. Listen to this collection of luxury furnishing: Corian™ sinks, Gibraltar™ countertops, high polish stainless steel fixtures, and Duratouch™ upholstery - which feels and smells like leather and yet is water resistant and extremely durable.

The three spacious and elegant staterooms, are fit for a queen — or king. With cool night air and natural light streaming through the hatches, sleeping on board is heavenly. And with a full compliment of hanging lockers, drawer storage and bookcases there is plenty of room for everything to have its place. The head features a full-size separate shower stall and a vanity with plenty of room for your belongings. And you can add a second head in the forward stateroom in place of the standard hanging locker and drawers.

The exclusive bi-level galley design keeps the kitchen area separate from the dining table, yet allows the chef to mingle with others. The first mate and galley crew will surely appreciate this

feature along with a front loading refrigerator/freezer, a two burner propane stove and oven, double stainless steel sink with a hot and cold mixer, teak and holly laminated flooring throughout, many storage lockers and pantry space.

Family Room - Lots of It! The spacious salon design makes living and dining easy and fun. The bi-level galley lets the chef stay in the conversation, and the pass-over from the galley, makes serving a cinch. Whether you gather for meats, card games, telling tall tales or just a little dancing, this room is the happening place.

Room to add those spices with a flourish, topped with all you need for a gourmet meal!

The Comfort of A Big Bed, The Serenity of Moonlight The spacious interior has three very comfortable queen staterooms. Note the overhead hatches for great air flow and natural illumination.

VALUE BEYOND YOUR DREAMS

And perhaps the dreamiest part of all is the price. With no dealer network to support or pay, Endeavour is able to provide the highest quality standards in the industry at very competitive prices. We build to order on a limited production basis which allows us to do that which we do best, build and design great yachts, leading the industry in innovation, performance and value. And you are never more than one person away from the owners.

5 year protection plan, one of the best in the industry, fully guarantees against hullblistering and the structural integrity of the the boat.

Endeavour Catamaran Corporation, the largest catamaran manufacturer in the Southeastern U.S.A. We operate our business with the same vision of excellence and painstaking care that we demonstrate in producing yachts. The extraordinary creativity and craftsmanship of our staff, the efficiency of our manufacturing processes and caliber of our management team make Endeavour the ideal source for that special yacht, the one beyond your dreams.

FACTORY TOURS & SEA TRIALS

All of our catamarans are a must see and are available for viewing year round at our factory in Clearwater Florida. Sea trials and factory tours are available by appointment.

Any More Questions? Just call us at (727) 573-5377. We love to visit with our customers and are proud to talk about our boats.

Our Statement of Excellence begins right here in our Clearwater design and production facility. Every Endeavour team member is involved with the building of each and every boat — and we stake our reputation on the yachts that we build. Contact us today to make your appointment for a factory tour. We'd be happy to have you as our guest.
